STEFAN MIHAJLOVIC

WEB DESIGNER & FRONT-END DEVELOPER

Belgrade, Serbia | stefan@optiflowz.com | stefanmihajlovic.com | LinkedIn | GitHub

PROFILE

Web designer and developer building polished, responsive websites and digital products from concept to launch. I combine UI/UX design, front-end development, and product thinking across client platforms, web apps, browser extensions, and mobile experiences.

EXPERIENCE

OptiFlowz - Co-Founder Mar 2025 - Present
Belgrade, Serbia

- Co-founded a web design and development studio focused on modern, conversion-oriented digital experiences.
- Design and build responsive interfaces using Next.js, React, and contemporary UI/UX workflows.

SELECTED WORK

HealthPlus Edukacije | Web design & development
Designed and developed a healthcare education platform that unifies accredited courses, news, membership, and enrollment.

EAES Video Corner | React, Tailwind CSS, Mux Video
Built a focused surgical video library for the European Association for Endoscopic Surgery.

Crimson Music | React Native, Expo, TypeScript, Audius API
Designed and developed a music player for iOS, Android, and web, with discovery, playlists, library management, and offline listening on mobile.

OptiFlowz Website | Next.js, React, UI/UX design
Designed and developed the studio website, from visual direction and service architecture to responsive layouts, animation, and SEO-aware structure.

EDUCATION

University of Belgrade - Faculty of Organizational Sciences 2023 - Present
